State-of-the-art electronic platform that helps students master the art of scholarly writing

APA Style CENTRAL® is an institutional solution that provides students, instructors, and researchers with an authoritative collection of scholarly learning, research, writing, and publishing tools necessary to master the application of APA Style. It provides direct access to the text of the *Publication Manual of the American Psychological Association®* at the point of need, and incorporates expanded coverage of content from the full line of APA Style publications. Serving as a campus-wide resource, APA Style CENTRAL provides structured guidance and promotes optimal habits of scholarship for a diverse set of users across many academic disciplines.

**State-of-the-art electronic platform that helps students master the art of scholarly writing**

With instruction on and tools for how to think and write like a scholar, APA Style CENTRAL prepares students who are new to scholarly writing as well as those who are more advanced in their academic careers. Instructors are equipped with a rich collection of pedagogical tools to help students across many disciplines master scholarly writing and research.

- Quick Guides
- Interactive Tutorials
- Self-quizzes
- 17 APA Reference Books
- 8 Paper Templates
- Reference Generator
- Reference Manager
- Hundreds of Samples
- Collaborative Writing Tool
- and more!
APA Style CENTRAL® combines four distinct centers that provide expertly created resources and authoritative guidance for scholarly writing and research methodology

**LEARN**

An extensive digital library replete with learning objects and instructional tools enables users to design their own approach to mastering the application of APA Style, scholarly writing, and research methodology.

**RESEARCH**

Discover interactive research planning and tracking tools, create and manage properly formatted APA Style references, and access 17 key reference books covering topics on qualitative and quantitative research methods.

**WRITE**

A structured and collaborative writing environment that features authoritative guidance for all types of scholarly writing in APA Style. Preformatted templates, context-sensitive help, links to sections within the *Publication Manual*, and customized toolbars help guide writers to proper formatting regardless of paper type.

**PUBLISH**

Enables users to browse or search information on over 2,100 peer-reviewed titles from more than 260 different publishers to find the best outlet for the publication of their work or to simply better understand the scholarly journal landscape.

APA Style CENTRAL provides users with direct access and links to sections within the *Publication Manual*

---

**Publication Manual of the American Psychological Association, Sixth Edition**

The *Publication Manual of the American Psychological Association* is the style manual of choice for writers, editors, students, and educators in the social and behavioral sciences. It provides invaluable guidance on all aspects of the writing process, from the ethics of authorship to word choice that best reduces bias in language. Well-known for its authoritative and easy-to-use reference and citation system, the *Publication Manual* also offers guidance on choosing the headings, tables, figures, and tone that will result in strong, simple, and elegant scientific communication.
